

BOXER 800D

- Strapping
- Cardboard
- Card
- Banding

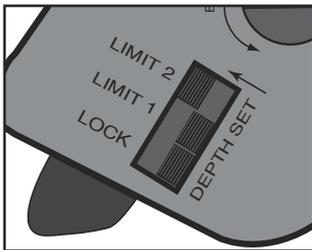

- Shrink Wrap
- Paper Sacks
 - Tape
 - Plastics

The aim of the Boxer 800 is to reduce the risk of injury normally incurred when using a standard open bladed knife. Ergonomically designed, impact resistant body for comfort and durability, and internal blade storage for quick access. Protects both the operator and merchandise.

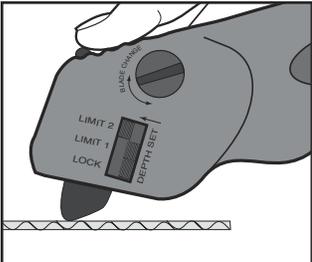

Now with 3 depth control options.

Unique Cutting Action

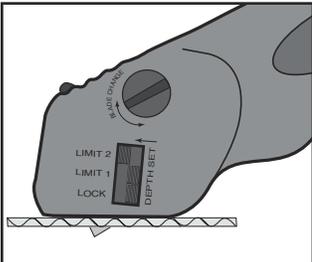

Set Desired Depth of cut on both sides of knife by sliding selected depth buttons toward front of knife:

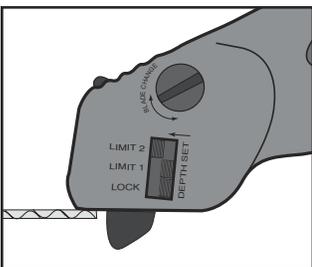

- No Limit - 9.0 mm heavy corrugated
- Limit 2- 4.0 mm average corrugated
- Limit 1 - score cut
- Lock - guards locked

Push lever forward with thumb to release Vari-Guards. Begin cutting action.

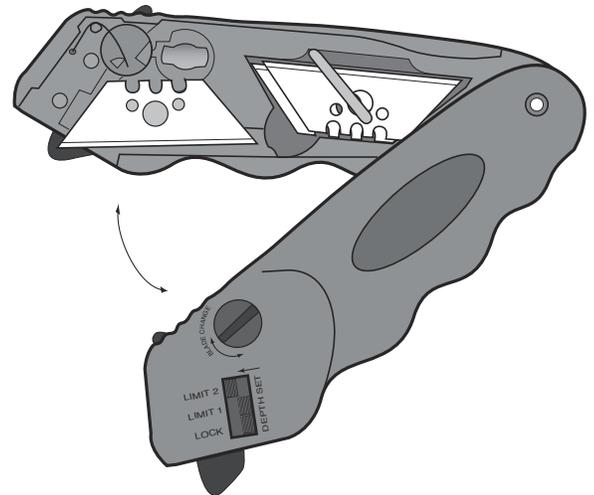

Once blade has punctured material, release lever and continue cutting.

Move knife along cutting line. As knife is removed from material, Vari-Guard will automatically spring back into locked position.

BLADE CHANGE

1. Turn Button counter-clockwise until it pops up.
2. Swing open top section.
3. Reverse blade or replace with blade from storage pocket. Replace security bar.
4. Swing shut.
5. Push button in and turn clockwise. Ensure knife is fully closed and button is in secure position.
